

## **Tariff for Diversion Common Service Duct Network (“Tariff”)**

All capitalised terms and expressions used in this Tariff have the same meaning given to the respective term/expression under NetLink Trust’s Interconnection Offer (“ICO”) as approved by the Authority (“Approved ICO”).

### **Overview**

1. This Tariff sets out the terms and conditions for the use of ducts and manholes within the Diversion Common Service Duct Network (“Diversion CSD Network”) by eligible Requesting Facilities-Based Operator (“FBO” or “Requestor”).
2. The Diversion CSD Network is designed to facilitate the diversion of existing underground telecommunication infrastructure in developments where site constraints or limited corridor space render conventional diversion methods impracticable.
3. This Tariff is available only to Requestors who have accepted the applicable terms and conditions and have duly executed the requisite Tariff agreement with NLT.

### **Key Terms and Conditions**

4. Subject to the terms and conditions of the Tariff (including the applicable eligibility criteria), NLT shall grant the Requestor a non-exclusive licence to use ducts and manholes within the Diversion CSD Network for the purpose of deploying underground telecommunication equipment within the specified development.
5. The Requestor shall submit a valid application using the prescribed Diversion CSD Form within the stipulated timeline. Upon acceptance of the application, NLT will allocate an appropriate number of ducts and provide the necessary layout drawings and routing information to the Requestor.
6. The Requestor shall use only the allocated ducts and shall comply with all procedures relating to manhole access as well as the installation, maintenance and replacement of Underground Equipment within the manholes. In particular, the Requestor shall adhere to the applicable provisions of Schedule 21 of the Approved ICO.
7. The Requestor shall be responsible for ensuring that all works carried out within the Diversion CSD Network is performed in accordance with NLT’s operational procedures and applicable regulatory standards.
8. Where access to Telecom Manholes or construction of Connection Ducts is required, the Requestor shall comply with the relevant application procedures and technical requirements prescribed under Schedule 21 of the Approved ICO.
9. NLT reserves the right to inspect installations and require corrective actions where the Requestor’s installation does not comply with the allocated duct usage or applicable requirements.

## **Key Charges (Non-Exhaustive List)**

### 10. Request Charge

The Requestor shall pay the Request Charge for the submission and processing of Telecom Manhole Access Request, Request for Connection Duct and Request to Replace Underground Equipment (as applicable), regardless of the outcome of the request.

Description	Charges (S\$) (without GST)	Charges (S\$) (with GST)
Request Charge	\$10 per Request	\$10.90 per Request

### 11. Charge for Joint Site Verification

- (a) The following charges shall apply for each joint site survey or meeting conducted by NLT's staff and/or its contractors as listed below.

Onsite Charge (applicable for each joint site verification with or without pipe testing):

Description	Charges (S\$) (without GST)	Charges (S\$) (with GST)
Onsite Charge (per site survey or meeting)	\$64	\$69.76

Joint Site Verification Charge (without pipe testing):

Period and Time	Charges (S\$) (without GST)	Charges (S\$) (with GST)
Monday to Saturday (8am to 8pm)	\$334	\$364.06
Monday to Saturday (After 8pm to 8am the next day)	\$384	\$418.56
Sunday and Public Holiday (8am to 8pm)	\$334	\$364.06
Sunday and Public Holiday (After 8pm to 8am the next day)	\$384	\$418.56

Joint Site Verification Charge (with pipe testing):

Period and Time	Charges (S\$) (without GST)	Charges (S\$) (with GST)
Monday to Saturday (8am to 8pm)	\$557	\$607.13
Monday to Saturday (After 8pm to 8am the next day)	\$640	\$697.60
Sunday and Public Holiday (8am to 8pm)	\$641	\$698.69

Sunday and Public Holiday (After 8pm to 8am the next day)	\$737	\$803.33
--	-------	----------

(b) For pipe testing in excess of cable length of 100m, an additional charge of \$0.223 per meter will apply.

## 12. Charge for Construction of Connection Duct

(a) The Requestor shall pay the following Charges for the construction of the Connection Duct.

Description	Charges (S\$) (without GST)	Charges (S\$) (with GST)
110mm diameter Connection Duct construction	\$2,463 per metre	\$2,684.67 per metre
LTA road work application and other related fees	On a case-by-case and Cost-Oriented Basis depending on the necessary work scope	

(b) In the event that NLT has to incur additional cost for the construction of Connection Duct, NLT shall recover the same from the Requestor on a Cost-Oriented Basis depending on the necessary scope of work.

## 13. Administrative Charge

The Requestor shall pay the Administrative Charge for processing the withdrawal of any request before installation of Underground Equipment and cancellation of a Request for Connection Duct.

Description	Charges (S\$) (without GST)	Charges (S\$) (with GST)
Administrative Charge	\$10 per cancellation	\$10.90 per cancellation

## 14. Annual Recurring Charge for Operation and Maintenance (“O&M”) of CSD Network

The Requestor shall pay the following O&M Charge

Description	Charges (S\$) (without GST)	Charges (S\$) (with GST)
O&M Charge	\$0.34 per duct meter per year	\$0.37 per duct meter per year

The scope of work covered under the O&M Charge includes, but is not limited to, duct repair, clearance of pipe blockage, replacement of manhole cover, clearance of sludge, oil and mud in manhole, lifting or repositioning of manhole, recovery of third-party cost, inspection of manhole, and such other works relevant to the O&M of CSD network.

## 15. Pre-mature Termination Charge

In the event of the termination of Licence before the expiry of 35 years from Start Date, the Requestor shall be liable for all reasonable costs incurred by NLT in respect of all works

related to the construction and installation of the Diversion CSD Network that the Requestor no longer wishes to use. For the avoidance of doubt, this includes the Annual Recurring Charge for Operation and Maintenance (“O&M”) of CSD network that the Requestor is required to pay NLT for the remainder of the 35 years.

16. Physical Access, Emergency Access and Updating of Master List Charges

The Requestor shall pay the following Charges for the processing and/or administering of the request for physical access, emergency access and updating of Master List.

Description	Charges (S\$) (without GST)	Charges (S\$) (with GST)
Physical access and emergency access	\$10 per request	\$10.90 per request
Administrative fee to update Master List	\$10 per form	\$10.90 per form

17. Other Charges

The Requestor shall pay all costs reasonably incurred by NLT for works that are described and/or performed by NLT under this Agreement.
